2. 3.	The General Directorate of the Aircraft Industry for the Yugoslav Ministry of Heavy Industry, Belgrade, is in charge of administrative and operational matters. The 600 employees are for the most part skilled laborers, and among them are approximately 100 industrial apprentices. The work is in one shift, Engineer Mirko Rehnicer is chief technician; engineer Kocijancic is chief of the Planning section; and Jovan Koledin is personnel representative. The equipment of the enterprise comprises 35 turning lathes, 20 new Swiss revolving planes, four shapers, eight drill presses, five graving machines, one special United States optical machine for the precise determination of positions and distances (ciferblatt), and four electric furnaces for smelting of spric-gus (sic). It has a complete carpentry and tin-smith workshop, about 15 auxiliary precision machines, and a laboratory headed by a German.
